

LIST OF THE PLANTS  
COLLECTED IN COLORADO, WYOMING AND UTAH DURING  
THE MONTHS OF AUGUST AND SEPTEMBER, 1881,  
BY LESTER F. WARD.

1. *Thelypodium integrifolium*, Endl.

Girardot's Ranch on the Platte, Colorado, August 3.

Near Rock Creek Station, Wyoming, August 26.

2. *Cleome integrifolia*, Torr. & Gray. (A pure albino.)

Platte Valley below Greeley, Colorado, August 31.

This species is now very abundant in Colorado, and forms the principal honey plant. It is known to apiarists as the "California bee-plant." The nectaries contain honey in such quantities that it is very manifest in chewing one of the flowers.

3. *Cleome<sup>m</sup> lutea*, Hook.

Black Buttes Station, Wyoming, August 31.

This predominates over the preceding in Wyoming. It yields less honey.

4. *Cristatella Jamesii*, Torr. & Gray.

Plains north of Girardot's Ranch, Colorado, August 5.

5. *Polanisia uniglandulosa*, DC.

Clear Creek above Golden, Colorado, August 1.

6. *Viola Canadensis*, L.

P927

(22 Aug. 93)

(2)

Dry Creek, four miles north of Golden, Colorado, August 1.

7. *Paronychia setacea*, T. & G.

Top of South Table Mountain near Golden, Colo., August 16.

Mountains west of Fort Collins, Colo., August 21. Collected at the last date by professor Bruner.

8. *Talinum Teretifolium*, Pursh.

Near Denver, Colo., August 20; also fine specimens by Professor Lawrence Bruner near Fort Collins, Colo., August 21.

9. *Linum perenne*, L.

Golden, Colo., July 31, then in fruit. Bell's Fish Cliff, Hodges' Pass, Wyoming, September 11, (Bruner),; then in flower.

10. *Acer glabrum*, Torr.

Dry Creek, four miles north of Golden, Colo., August 1; in fruit.

11. *Lupinus argenteus*, Pursh.

Rock Creek Station, Wyoming, August 26.

12. *Psorlea lanceolata*, pursh.

Girardot's coal Mine, Colo., August 6.

13. *Psorlea tenuiflora*, pursh.

Dry Creek, four miles north of Golden, Colo., August 1. Also along the U. P. R. R. in Colorado, July 30.

14. *petalostemon multiflorus*, Nutt.

Mouth of the St. Vrain, colo., August 8. Near Fort Collins, Colo., August 21 (Bruner).

15. *Petalostemon machostachyus*, Torr.

(Flowers yellowish.) One mile north of Denver, Colo., August 20.

16. *Astragalus mollissimus*, Torr.

Greeley, Colo., August 2. Brought me by Dr. Law as the plant that poisons the stock in that locality. Then out of flower

17. *Astragalus jejunus*, Watson.

Bell's Fish Cliff, Hodges' Pass, Wyoming, September 11.

18. *Astragalus bisculatus*, Gray.

Near Rock Creek Station, Wyoming, August 26; in flower.

19. *Astragalus multiflorus*, Gray.

Rock Creek Station, Wyoming, August 26.

20. *Astragalus Kentrophyta*, Gray.

Girardot's Coal Mine, Colo., August 6.

21. *Glycyrrhiza lepidota*, Pursh.

Dry Creek, four miles north of Golden, Colo., August 1; in fruit.

22. *Sophora sericea*, Nutt.

platte Valley below Greeley, Colo., August 3.

23. *Rubus deliciosus*, James.

Golden, Colo., August 17.

24. *Potentilla rivalis*, Nutt., var. *millegrana*, Watson.

Near Rock Creek Station, Wyoming, August 26.

25. *Potentilla Anserina*, L.

Roberson's Ranch on Hams Fork, Wyoming, September 8.

26. *Crataegus coccinea*, L. var.

Golden, Colo., August 17. In fruit.

27. *Jamesia Americana*, Torr. & Gray.

Dry Creek, four miles north of Golden, Colo., August 1.

28. *Lythrum alatum*, Pursh.

Three miles south of Denver, Colo., August 19.

29. *Epilobium coloratum*, Muhl.

Colorado? (Label lost.)

30. *Gayophytum ramosissimum*, Torr. & Gray.

Hodges' Pass, at the tunnel, Wyoming, September 10.

31. *Gaura coccinea*, Nutt. var.

Girardot's Coal Mine, Colo., August 6.

32. *Oenothera pinnatifida*, Nutt.

Five miles west of Greeley, Colo., August 11.

33. *Oenothera albicaulis*, Nutt.

Ogden, Utah, September 18.

34. *Oenothera coronopifolia*, Torr. & Gray.

Rock Creek Station, ~~xxxxx~~ Wyoming, August 26.

35. *Mentzelia nuda*, Torr. & Gray.

Platte Valley below Greeley, Colo., August 3.

36. *Cucurbita perennis*, Gray.

Monotony Station, K. P. R. R. Kansas, July 29.

37. *Echinocystis lobata*, Torr. & Gray.  
Near Denver, Colo., August 19.
38. *Sesuvium Portulacastrum*, L.  
Ogden, Utah, September 18.
39. *Symphoricarpos racemosus*, Michx.  
Near Golden, Colo., August 1.
40. *Symphoricarpos accidentalis*, R. Br.  
With the last, August 1.
41. *Valeriana edulis*, Nutt.  
Hams Fork, eighteen miles below Granger, Wyoming, September  
15.
42. *Brickellia grandiflora*, Nutt.  
Fossil Creek, Colo., August 10.
43. *Liatris punctata*, Hook.  
Greeley, Colo., August 11.
44. *Gutierrezia Euthamial*, Torr. & Gray.  
platte Valley, opposite mouth of Bijou Creek, Colo., August  
4. Denver, Colo., August 20. Ogden, Utah, September, 18.
45. *Chrysopsis villosa*, Nutt., var. *hispida*, Gray.  
Golden, Colo., July 31. Five miles west of Greeley, Colo.,  
August 11.
46. *Aplopappus Fremontii*, Gray. (Dwarf form.)  
Near Rock Creek Station, Wyoming, August 26.

47. *Aplopappus spinulosus*, D C.

Cheyenne Wells, Colo., July 29. Near Sherman, Wyoming,  
August 25.

48. *Bigelovia graveoleus*, Gray. (Several aberrant forms.)

Rock Creek Station, Wyoming, August 26. Green River Station,  
Wyoming, September 5. Hodges' Pass, at the tunnel, Wyoming, Sep-  
tember 13.

49. *Bigelovia graveoleus*, var. *glabrata*, Gray.

Medicine Bow Station, Wyoming, August 27. Ogden, Utah, Sep-  
tember 18. At the latter place a large, flat-topped form was  
found growing with and very different in appearance from the com-  
mon pyramidal form.

50. *Bigelovia Douglasii*, var. *tortifolia*, Gray.

Medicine Bow Station, Wyoming, August 27. Green River City,  
Wyoming, September 5.

51. *Bigelovia Douglasii*, var. *latifolia*, Gray.

Point of Rocks, Wyoming, September 2, (Bruner).

52. *Bigelovia Howardii*, Gray.

Black Buttes Station, Wyoming, August 30.

53. *Solidago speciosa*, Nutt., var. *augustata*, Gray.

U. P. R. R. in Nebraska, September 21.

54. *Solidago nemoralis*, Ait., var.

C. B. & Q. R. R. in Illinois, September 22? (Label lost.)

55. *Solidago Canadensis*, L. Two forms.

Platte Valley two miles below Greeley, Colo., August 3.

Three miles south of Denver, Colo., August 19.

56. *Solidago lanceolata*, L.

Three miles south of Denver, Colo., August 19.

57. *Townsendia grandiflora*, Nutt.

Mouth of the St. Vrain, Colo., August 8.

58. *Aster tanacetifolia*, H. B. K.

K. P. R. R. in Colorado, July 29.

59. *Aster canescens*, Pursh.

Ogden, Utah, September 18. Point of Rocks, Wyoming, September 2. Stone Cabin on Hams Fork, September 9. Hodges' Pass, at the tunnel, September 10.

60. *Aster adscendeus*, Lindl.

Rock Creek Station, Wyoming, August 26.

61. *Aster adscendeus*, Lindl., var. *Parryi*, Eaton.

Roberson's Ranch on Hams Fork, September 9.

62. *Aster falcatus*, Lindl. ?

Rock Creek Station, Wyoming, August 26.

63. *Aster elegans*, Torr. & Gray.

Green River City, Wyoming, September 6. Hodges' Pass, Wyoming, September 10.

64. *Aster multiflorus*, L.

Three miles south of Denver, Colo., August 19.

65. *Aster multiflorus*, L., var.

A small, simple form with fewer large heads; sent to Professor Gray, who does not name the variety.

Rock Creek Station, Wyoming, August 26.

66. *Aster glaucus*, Torr. & Gray.

Bell's Fish Cliff, Hodges' Pass, Wyoming, September 11.

67. *Erigeron divergens*, Torr. & Gray.

Plains east of Crow Creek, Colo., August 6. Mouth of the  
St. Vrain, Colo., August 8. Near Denver, Colo., August 20.  
(Flowers mostly white, turning purple in the portfolio.)

68. *Erigeron macranthum*, Nutt.

Dry Creek, four miles north of Golden, Colo., August 1.

69. *Guaphalium Sprengelii*, Hook. & Arn.

Five miles west of Greeley, Colo., August 11.

- 69 1-2. *Iva axillaris*, Pursh.

Green River City, Wyoming, in an abandoned field growing tall,  
September 4.

70. *Iva xanthiifolia*, Nutt.

Near Golden, Colo., in fields, four to seven feet high, Au-  
gust 1.

71. *Ambrosia psilostachya*, D C.

Ogden, Utah, September 18.

72. *Franseria discolor*, Nutt.

Rock Creek Station, Wyoming, August 26.

73. *Helianthus petiolaris*, Nutt.  
plains east of Crow Creek, Colo., August 6. Often flowering  
at the height of three or four inches.
74. *Helianthus annuus*, L. (*H. lenticularis*, Dougl.)  
Around Denver, August 19.
75. *Helianthus Nuttallii*, Torr. & Gray.  
Three miles south of Denver, Colo., August 19.
76. *Helianthus pumilus*, Nutt.  
Golden, Colo., July 31.
77. *Thelesperma gracile*, Gray.  
Mouth of the St. Vrain, Colo., August 8. Golden, Colo.,  
August 17. Fort Collins, Colo., August 21 (Bruner).
78. *Bidens chrysanthemoides*, Michx.  
Near Denver, Colo., August 19.
79. *Hymenopappus tenuifolius*, Pursh.  
Platte at mouth of Bijou Creek, Colo., August 4.
80. *Bahia oppositifolia*, Torr. & Gray.  
Fifteen miles west of Greeley, Colo., August 10.
81. *Palafoxia Hookeriana*, Torr. & Gray.  
Platte Valley below Greeley, Colo., August 3.
82. *Pectis augustifolia*, Torr.  
Platte Valley below Greeley, August 3.
83. *Gaillardia aristata*, Pursh.  
Railroad, east of Sherman, Wyoming, August 25.

84. *Artemisia dracunculoides*, Pursh.

Railroad, east of Sherman, Wyoming, August 25.

85. *Artemisia Canadensis*, Michx.

Railroad east of sherman, Wyoming, August 25.

86. *Artemisia filifolia*, Torr.

Platte Valley, below Greeley, Colo., August 4.

87. *Artemesia tridentata*, Pursh.

Black Buttes Station, Wyoming, August 31. Bell's Fish Cliff,  
Hodges' Pass, Wyoming, September 12. A section brought from  
Hodges' Pass measured inches in girth and seventy-five distinct  
annual rings were counted, exclusive of an indistinct portion at  
the center.

88. *Artemisia arbuscula*, Nutt. ?

Rock Creek Station, Wyoming, August 26.

89. *Artemisia trifida*, Nutt.

Railroad between Rawlins and Black Butte Station, Wyoming,  
August 30.

90. *Artemisia Ludoviciana*, Nutt.

Rock Creek Station, Wyoming, August 26. Roberson's Ranch  
on Hams Fork, Wyoming, September 9. Ogden, Utah, September 18.  
Known in the second locality named as "White Sage."

91. *Artemisia biennis*, Willd.

Railroad east of Sherman, Wyoming, August 25. Rock Creek  
Station, Wyoming, <sup>u</sup>Agust 26.

92. *Artemisia cana*, Pursh.

Railroad between Rawlins and Black Butte Station, Wyoming,  
August 30.

93. *Artemisia frigida*, Willd. Railroad east of Sherman, Wyoming,  
August 25. Rock Creek Station Wyoming, August 26.

94. *Senecio hydrophilus*, Nutt.

Roberson's Ranch on Hams Fork, Wyoming, September 8.

95. *Senecio longilobus*, Benth.

Five miles west of Greeley, Colo., August 11. Near Denver,  
Colo., August 20.

96. *Troximon glaucum*, Nutt.

Sulphur Springs at Point of Rocks Station, Wyoming, September 2.

97. *Mulgedium pulchellum*, Nutt.

Greeley, Colo., August 11.

98. *Lygodesmia juncea*, Don.

Girardot's Coal Mine, Colo., August 5. Fifteen miles west  
of Greeley, Colo., August 10.

99. *Stephanomeria minor*, Nutt.

Near Rock Creek Station, Wyoming, August 26.

100. *Campanula rotundifolia*, L.

Dry Creek, four miles north of Golden, Colo., August 1.

Radical leaves well exhibited.

101. *Asclepias verticillata* L. var.

Fifteen miles west of Greeley, Colo., August 10. A dwarf form three to five inches high, branching from near the base or sending up several stems from a horizontal root-stock.

102. *Acerates auriculata*, Eng.

Mouth of the St. Vrain, Colo., August 9. Near Denver, August 20.

103. *Acerates viridiflora*, Ell.

Mouth of the St. Vrain, Colo., August 8. In fruit.

104. *Eustoma Russellianum*, Don.

Near Fort Collins, Colo., August 10.

105. *Gentiana affinis*, Smith.

Iron Spring, Point of Rocks Station, Wyoming, September 1 & 3.

106. *Collomia longiflora*, Gray.

Platte Valley below Greeley, Colo., August 3. Near Denver, Colo., August 20.

107. *Collomia aggregata*, Porter.

Dry Creek, four miles above Golden, Colo., August 1. Hodges' Pass, at the tunnel, Wyoming, September 10.

108. *Gilia pungens*, Benth.

Near Denver, Colo., August 20.

109. *Phacelia circinata*, Jacq.

Dry Creek, four miles above Golden, August 1.

110. *Heliotropium convolvulaceum*, Gray.

K. P. R. R. in Colorado, July 29. Crow Creek, Colorado,  
August 6.

111. *Ipomea leptophylla*, Torr.

Near Denver, Colo., August 20.

112. *Convolvulus sepium*, L.

Three miles south of Denver, Colo., August 19.

113. *Cuscuta decora*, Choisy.

Fort Collins, Colo., August 21. Collected by Professor  
Lawrence Bruner.

114. *Solanum triflorum*, Nutt.

Dry Creek, four miles north of Golden, Colo., August 1.

115. *Solanum heterodoxum*, Dunal.

Platte valley, below Girardot's Ranch, Colo., August 4.

116. *Physalis lobata*, Torr.

Platte, opposite the mouth of Bijou Creek, Colo., August 4.

117. *Physalis lanceolata*, Michx.

Platte, opposite the mouth of Bijou Creek, Colo., August 4.

118. *Mimulus floribundus*, Dougl.

Golden, Colo., July 31, August 16.

119. *Gratiola Virginiana*, L.

Golden, Colo., July 31.

120. *Gerardia tenuifolia*, Vahl.

Boulder, Colo., August 21. Collected by Professor Lawrence  
Bruner.

121. *Castilleia pallida*, Kunth. var.  
Stone Cabin, on Hams Fork, Wyoming, September 9.
122. *Castilleia integra*, Gray.  
Golden, Colo., August 17.
123. *Orthocarpus luteus*, Nutt.  
Near Rock Creek Station, Wyoming, August 26.
124. *Lippia cuneifolia*, Steud.  
Crow Creek, Colo., August 6.
125. *Mentha Canadensis*, L.  
Golden, Colo., July 31.  
Platte Valley, below Greeley, Colo., August 3.
126. *Lycopus sinuatus*, Ell.  
Platte, opposite the mouth of Bijou Creek, Colo., August 4.  
Near Denver, Colo., August 19.
127. *Hedeoma Drummondii*, Benth.  
Fossil Creek, Colo., August 9.
128. *Monarda fistulosa*, L.  
Dry Creek, four miles north of Golden, Colo., August 1.
129. *Monarda citriodora*, Cerv.  
Golden, Colo., July 31, St. vrain, Colo., August 8.
130. *plantago eriopoda*, Torr.  
Hams Fork, eighteen miles above Granger, Wyoming, September 15
131. *Oxybaphus nyctagineus*, Sweet.  
Near Denver, Colo., August 19.

132. *Oxybaphus augustifolius*, Sweet.

Near Denver, Colo., August 20.

133. *Abronia fragans*, Nutt.

Girardot's Coal Mine, Colo., August 6. Near Denver, Colo.,  
August 20.

134. *Abronia cycloptera*, Gray.

Platte valley below Greeley, Colo., August 3.

135. *Chenopodium album*, L.

Denver, Colo., August 22. Railroad between Rawlins and Black  
Butte Station, Wyoming, August 30.

136. *Chenopodium glaucum*, L.

Rock Creek Station, Wyoming, August 26. Bell's Fish Cliff,  
Hodges' Pass, Wyoming, September 11. The last a diminutive form  
clearly indigenous.

- 136, 1-2. *Chenopodium leptophyllum*, Nutt.

Denver, Colo., August 20.

137. *Atriplex Nuttallii*, Watson.

Two miles north of Rock Creek Station, Wyoming, August 26.  
In fruit. Staminate plants not collected with it.

138. *Atriplex canescens*, James.

Point of Rocks, Wyoming, September 2. Collected by profes-  
sor Lawrence Bruner. This may also be *A. Nuttallii*, Watson, as  
no fruit accompanied the staminate specimens.

139. *Atriplex pusilla*, Watson.

140. *Eurotia lanata*, Moq.

Mouth of Poudre canon, Colo., August 22.

Collected by Professor Lawrence Bruner.

141. *Coriospermum hyssopifolium*, L.

Mouth of the st. vrain, Colo., August 8.

142. *Kochia Americana*, Watson.

Point of Rocks, Wyoming, September 1. Green River, Wyoming,  
September 6.

143. *Salicornia herbacea*, L.

Rawlins, Wyoming, August 30. Green River, Wyoming, Septem-  
ber 6.

144. *Suaeda depressa*, var. *erecta*, Watson.

Green River City, Wyoming, September 4. Growing thriftily  
in a plowed field and exhaling a fragrant odor. With *Iva apil-*  
*laris*.

145. *Suaeda intermedia*, Watson.

Medicine Bow Station, Wyoming, August 27.

146. *Sarcobates vermiculatus*, Torr.

Medicine Bow Station, Wyoming, August 27.

147. *Amarantus retroflexus*, L.

Golden, Colo., July 31. Leaves spotted.

148. *Amarantus blitoides*, Watson.

Railroad in Colorado, July 29.

149. *Montelia tamarascina*, Gray.

platte valley below Greeley, Colo., August 3.

150. *Froelichia Floridana*, Moq.

Platte Valley below Greeley, Colo., August 3.

151. *Eriogonum alatum*, Torr.

Fossil Creek, Colo., August 10. Golden, Colo., July 31.

152. *Eriogonum stellatum*, Benth.

Hodges' Pass, at the tunnel, Wyoming, September 10.

153. *Eriogonum pauciflorum*, Pursh.

Bell's Fish Cliff, Hodges' Pass, Wyoming, September 11.

154. *Eriogonum microthecum*, Nutt.

Near Denver, Colo., August 20. Foot-hills south of Roberson's Ranch on Hams Fork, Wyoming, September 8.

155. *Eriogonum brevicaule*, Nutt.

Rock Creek Station, Wyoming, August 26. Green River Station, Wyoming, September 6.

156. *Eriogonum annuum*, Nutt.

K. P. Railroad in Colorado, July 30. Near Denver, Colorado, August 20.

157. *Eriogonum cernuum*, Nutt.

Mouth of the St. Vrain, Colo., August 8. Ogden, Utah, September 18.

158. *Eriogonium Abertianum*, Torr.

Hills south of Roberson's Ranch on Hams Fork, September 8.

159. *Polygonum tenue*, Michx.

Golden, Colo., July 31.

160. *Polygonum amphibium*, L., var. *terrestre*, Willd.

Near Denver, Colo., August 19. In shallow water.

161. *Polygonum Hartwrightii*, Gray.

In a tule marsh three miles south of Denver, Colo., August

19. No flowers could be found.

162. *Shepherdia argentea*, Nutt.

Granger, Wyoming, September 7.

163. *Euphorbia petaloidea*, Eng.

Near Argo, Colo., August 20. Platte valley, below Greeley,  
Colo., August 3.

164. *Euphorbia glyptosperma*, Eng.

Golden, Colo., July 31. Denver, Colo., August 20.

165. *Euphorbia dentata*, Michx. ?

Dry Creek, four miles north of Golden, Colo., August 1.

166. *Euphorbia marginata*, Pursh.

Golden, Colo., July 31. An aberrant form without white  
margins was found growing with the type.

167. *Croton Texensis*, Muell.

Girardot's Ranch, Colo., August 3.

168. *Tragia stylaris*, Muell.

Spring Canon, Colo., August 10.

169. *Urtica gracilis*, Ait.

Near Denver, Colo., August 19.

170. *Salix amygdaloides*, Anderss.

Golden, Colo., July 31. A broad-leaved form. Mouth of the St. Vrain, Colo., August 8. Near Denver, Colo., August 19. An extravagant growth. Ogden, Utah, September 18.

171. *Salix longifolia*, Muhl.

Clear Creek Canon above Golden, Colo., August 1. Still flowering.

172. *Salix Novae-Augliae*, var. *pseudo-cordata*, Anderso.?

Roberson's Ranch and Stone Cabin on Hams Fork, Wyoming, September 9. Bell's Fish Cliff, Hodges' Pass, Wyoming, September 11.

173. *Salix irrorata*, Anderso.

Golden, Colo., July 31.

174. *Populus monilifera*, Ait.

Greeley, Colo., July 30. This is the common species along streams on the plains.

175. *Populus balsamifera*, L.

Spring Canon, Colo., August 10. Canon south-west of Golden, Colo., August 17.

176. *Populus balsamifera*, L. var. *angustifolia*, Watson,

Greeley, Colo., July 30. Clear Creek Canon above Golden, Colo., August 18. South of Denver, Colo., August 19. A young shoot with strongly angled stem. Bell's Fish Cliff, Hodges'

Pass, Wyoming,. A form with leaves and buds approaching the type.

177. *Populus nigra*, L. ?

Greeley, Colo., July 30. Introduced into the streets of the town. Perhaps *P. balsamifera*, L.

178. *Juniperus Californica*, Carr., var. *utahensis*, Eng.

Point of Rocks, Wyoming, September 2.

179. *Juniperus Virginiana*, L.

Canon southwest of Golden, Colo., August 17.

180. *Yucca* ~~augustifolia~~, Eng .

Howe's ~~R~~Ranch, between Evans and Platteville, Colo., August

8. In full flower, all other plants seen were in fruit.

181. *Juncus nodosus*, L., var. *megacephalus*, Torr.

Harden's Ranch, fifteen miles below Greeley on the Platte, Colo., August 3.

182. *Cyperus inflexus*, Muhl.

Golden, Colo., July 31.

183. *Cyperus acuminatus*, Torr.

Golden, Colo., July 31.

184. *Scirpus maritimus*, L.

Near Fort Collins, Colo., August 10.

185. *Carex jamesii*, Torr.

Hodges' Pass, Wyoming, at the tunnel, September 13.

186. *Sporobolus cryptandrus*, Gray.

Platte valley, below Girardot's Ranch, Colo., August 4.

187. *Muhlenbergia* <sup>M</sup>exicana, Trin.

Three miles south of Denver, Colo., August 19.

188. *Muhlenbergia* pungens, Thurb.

platte Valley, below Greeley, Colo., August 3.

189. *Muhlenbergia* gracillima, Torr.

Near Argo, Colo., August 20.

190. *Vaseya* comata, Thurb.

Bell's Fish Cliff, Hodges' Pass, Wyoming, September 11.

191. *Calamagrostis* longifolia, Hook.

Platte Valley fifty miles below Greeley, Colo., August 4.

192. *Aristida* purpurea, Nutt.

Platte Valley below Girardot's Ranch, Colo., August 4.

193. *Bouteloua* oligostachya, Torr.

Near Denver, Colo., August 20. Railroad east of Sherman,  
Wyoming, August 25.

194. *Buchloe* dactyloides, Eng.

Platte Valley below Girardot's Ranch, Colo., August 4.

195. *Munroa* squarrosa, Torr.

Dry Creek, four miles north of Golden, Colo., August 1.

platte valley below Greeley, Colo., August 3. Denver, Colo.,  
August 20

196. *Eatonia* obtusata, Gray.

Three miles south of Denver, Colo., August 19.

197. *Lepturus* paniculatus, Nutt.

Platte Valley below Girardot's Ranch, Colo., August 4.

198. *Phragmites communis*, Trin.

Three miles south of Denver, Colo., August 19.

199. *Triticum repens*, L., var.

Medicine Bow, Wyoming, August 27. An alkaline grass.

200. *Elymus condensatus*, Presl.

Hodges' Pass, Wyoming, at the tunnel, September 13.

201. *Cystopteris fragilis*, Bernh.

Canon southwest of Golden, Colo., August 17.

202. *Woodsia scopulina*, Eaton.

Canon southwest of Golden, Colo., August 17.

203. *Selaginella rupestris*, Spring.

South Table Mountain near Golden, Colo., August 16. Canon  
southwest of Golden, Colo., August 17.
